Dear Sir/Madam,

I am writing to express my strong interest in the Data Science Internship position at Techmiya Solutions Private Limited as advertised. With a solid foundation in machine learning and DeepLearning, combined with a deep enthusiasm for data-driven problem solving, I am eager to contribute to your team and grow as a data professional under your guidance.

Currently, I am pursuing B.E in Information Science at Jyothy Institute of Technology where I have completed relevant coursework in Data Analysis, Python Programming, and Machine Learning. I've applied these skills in hands-on projects such custom pitch prediction model using KMeans algorithm, where I obtained an accuracy of 94%. These experiences have strengthened both my technical proficiency and my ability to draw meaningful insights from complex datasets.

I am particularly drawn to the opportunity to work alongside industry experts and contribute to real-world challenges, knowing that my contributions will help make informed, data-backed decisions.

I am confident that my strong analytical mindset, attention to detail, and willingness to learn will make me a valuable addition to your team. I would be grateful for the opportunity to discuss how I can support your ongoing projects and goals during an interview.

Thank you for considering my application. I have attached my resume for your review. I look forward to the possibility of contributing to your team and am excited about the prospect of learning from the best in the field.

Sincerely,

Pranav K R
